

## **Attune Systems Customer Lessard Group Selected by InfoWorld as Featured File Virtualization User at the InfoWorld Virtualization Executive Forum**

### **Attune Also Demonstrating File Virtualization at Storage Decisions**

Santa Clara, Calif. – September 19, 2007 – Attune Systems, Inc., a provider of enterprise-class file virtualization solutions, today announced that its customer, Lessard Group Inc., a leading architectural and urban design firm, has been selected as a featured case study at the InfoWorld Virtualization Executive Forum, September 24-25, 2007, Roosevelt Hotel, New York City. Lessard IT Director Zak Khalil will be a speaker and panelist at the File Virtualization breakout session, which will explore the benefits of file virtualization, the different file virtualization architectures, and how three companies, including Lessard Group Inc., are putting file virtualization to use. The presentation will take place on Tuesday, September 25, 2007, from 3:00 to 4:15 p.m. EDT.

Attune Systems is also announcing its participation at another show in New York City next week, Storage Decisions, where the company will be demonstrating its file virtualization solution at booth #509. The show will take place at the Hilton New York, September 26-28, 2007.

### **About Attune Systems**

Attune Systems solutions reduce file management complexity for enterprise, government, and education storage environments while slashing operating costs and increasing scalability. The company's flagship product, the Maestro File Manager, is a file virtualization appliance that helps IT administrators discover, analyze, manage, and optimize their existing, heterogeneous file storage resources without impacting end users. File virtualization is the low-risk, high-impact first step towards implementing an effective File Area Network (FAN). Attune's investors include Alloy Ventures, GF Private Equity Group, LLC, Quicksilver Ventures, Rock Creek Capital, RWI Ventures, Shea Ventures, and Shoreline Venture Management.
