

## **NVIDIA Corporation Chooses File Virtualization Solution From Attune Systems**

Santa Clara, Calif. – October 9, 2007 – Attune Systems, Inc., a provider of enterprise-class file virtualization solutions, today announced that NVIDIA Corporation, the worldwide leader in programmable graphics processor technologies, has chosen the Maestro File Manager™ as a comprehensive file virtualization solution for the company's growing data storage needs. NVIDIA will take advantage of the non-disruptive deployment of the Maestro File Manager in the company's existing IT environment, as well as the comprehensive reporting tools offered by the Attune file virtualization solution, helping the company avoid problems before they occur and preserving current investments.

"The adoption of file virtualization by large enterprise environments such as NVIDIA shows that the Attune file virtualization solution is a great fit not only for SMBs, but also for large Windows-based implementations," said Alan Kessler, CEO of Attune. "We are glad to be able to support customers in various vertical markets with a wide variety of IT department sizes, requirements, and skill sets. This really is a horizontal solution for any IT managers who need to understand what is going on in their existing Windows environment while managing their unstructured data in a non-disruptive way."

### **About Attune Systems**

Attune Systems solutions reduce file management complexity for enterprise, government, and education storage environments while slashing operating costs and increasing scalability. The company's flagship product, the Maestro File Manager, is a file virtualization appliance that helps IT administrators discover, analyze, manage, and optimize their existing, heterogeneous file storage resources without impacting end users. File virtualization is the low-risk, high-impact first step towards implementing an effective File Area Network (FAN). Attune's investors include Alloy Ventures, GF Private Equity Group, LLC, Quicksilver Ventures, Rock Creek Capital, RWI Ventures, Shea Ventures, and Shoreline Venture Management.
